

At Home

Upon occasion a quiet event in the advancement of science or practical knowledge seems of more interest than the constant round of European madness. With this thought in mind, we have elected to learn about a new business right at home for this week.

Passengers on the giant trans-Pacific flying clippers for Hawaii and beyond, via Wake Island and Guam to Manila, enjoy delicious food cooked on the San Francisco Peninsula.

No, it's not a fantastic dream but a fact that reveals an astonishing new industry—one destined to bring fame to The Peninsula and to Harvey Striplin, Burlingame restaurant operator who has recently established a San Mateo factory for the preparation of frozen cooked foods.

"Not all The Peninsula's industries are segregated in South San Francisco and Port Redwood City," pointed out Dave Lamoreaux of San Francisco Peninsula, Inc., but many substantial businesses, not characterized as 'heavy industry' have taken root in the business districts of our suburban home communities.

Unique Undertaking

"Striplin's unique undertaking typifies the many and varied enterprises which bring cash and payrolls to The Peninsula. His rapidly-growing business promises not only additional prosperity for this area, but also a new outlet for farm products of the entire West."

The Burlingame restaurateur-inventor is believed to be the first successfully applying the quick freezing process to completely prepared dishes, ready to serve upon merely being re-heated. His products include such delicacies as creamed chicken, Swiss steak, filet mignon, lamb chops, beef stew, roast turkey with dressing, and various salads.

Striplin's newly-opened factory on First street in San Mateo includes the latest in quick-freezing equipment, embodying a freezing unit much smaller and more compact, as well as more efficient than any heretofore developed. The cooked foods are first frozen gradually then quickly frozen solid at a temperature of 40 degrees below zero.

Fresh and Tasty

Packed in dry ice, they remain fresh and tasty indefinitely, requiring only "warming up" to be served to hungry Clipper passengers far out over the Pacific. This plan obviates the necessity for elaborate cooking in the galleys of the "flying liners" and assures passengers of the finest in foods and flavors without unpleasant cooking odors.

Known as "Harvey's Fresh Frozen Foods," Harvey Striplin's delicacies are prepared with the latest in gas-fired cooking equipment, including a giant "hotel-type" range. All ingredients are carefully chosen for quality, and the dishes are prepared according to special, tested recipes. Introduced also through retail stores, they have won instant approval of discriminating housewives. Striplin visualizes an unlimited national market for his products, including not only airlines and retail stores, but also steamship lines, hotels, restaurants and clubs.

New Industry

Striplin's process was perfected after several years of research and experimentation, suggested by the great success of frozen fresh fruits and vegetables. His unique background of experience—as licensed chemist, chef and restaurant operator—ideally fitted him for pioneering in this new, fast-growing industry.

**Set Saturday
For County Tour**

With Saturday, May 13, set as the day for the Adult Center tour of San Mateo county, reservations for the all-day trip are now being received by the San Mateo junior college office, Dr. Otis Allen Sharpe of Burlingame, Lock's Drug Store and A. S. Kalenborn of Redwood City. O. H. Olson of Menlo Park, Mrs. A. W. Gale of Menlo Park, and Clive Saiz of Jefferson Union high school, Daly City. Dr. Frank Stanger and Fred Klyver of the junior college faculty head the trip.

Last year 200 teachers of this county took the trip. The popularity of the tour proved such that the general public asked for a similar trip this spring. Scenes of historic events, old adobe buildings dating from Spanish-Mexican days, the origin and meaning of place names, and the natural vegetation of present and earlier times will be some of the subjects mentioned while en route. Stops will be made for outstanding historic and scenic spots, while a chicken dinner has been arranged for the lunch hour.

Travel By Bus

The plan this year is for everyone to travel by bus. With the trip really starting from Redwood City, the group will visit Menlo Park, Searsville, Woodside, La Honda, Memorial park, Pescadero, Pebble beach, Pigeon Point, San Gregorio, Purisima, Half Moon Bay, and the famous old Ralston home in Belmont. The distance to be traveled will be about 100 miles.

Bus fare for the trip has been set by the school heads at one dollar or lower, with the chicken dinner costing 60 cents. A bus will leave the Greyhound station in San Mateo at 9 a. m. Saturday, going by way of El Camino Real to the station in Redwood City. The tour should be completed at Belmont about four p. m., with the bus returning the passengers from that point.

**Horseshoe League
Schedules Night Games**

The San Mateo County recreation horseshoe league has been formed by leaders of the Division of Recreation Works Progress administration in Daly City, Burlingame, San Mateo and Redwood City and a schedule of night games will be played at the various points during the next four months.

The first game at Daly City will be on Friday, May 12, when San Mateo pays George McLeod's team a visit. Game is called for 8 p. m.

In these matched games there will be at least 4 men on a side.

**Mayor Issues
Proclamation
On Poppy Day**

Plans of the American Legion Auxiliary, Daly City Unit 410, for the observance of Poppy Day neared completion this week. An official proclamation issued by Mayor Paul G. Selmi has designated Friday and Saturday, May 26 and 27, for Daly City to commemorate Poppy Day.

The proclamation asked all citizens to observe the days by wearing a memorial poppy in honor of those who gave their lives in the World War. All contributions are used for the welfare of the disabled veterans of the war and the families of veterans.

Context of the proclamation stated:

"Whereas, when the forces of ruthless autocracy committed aggressions against the United States in 1917, the best young men of this nation offered their lives in the nation's defense, and

"Whereas, among these young men were many from Daly City, who served gallantly and sacrificed greatly in the conflict, and

"Whereas, more than one hundred thousand young Americans were called upon to sacrifice their lives that America might be secure as the land of liberty, justice and democracy,

"Now, therefore, I, Paul G. Selmi, Mayor of the City of Daly City, believing that the memory of their high patriotic sacrifice should be kept bright for the inspiration of America, urge all citizens to wear their memorial flower, the poppy, on Friday and Saturday, May 26 and 27, and give for the poppy as generously as they are able to aid the war's living victims, the disabled veterans and dependent families.

"To that purpose, I do hereby proclaim Friday and Saturday, May 26 and 27, to be Poppy Days in the City of Daly City."

(Signed) P. G. SELMI,
Mayor.

**Art From France
On Display in S. F.**

Romantic art from famous collections in France forms the exhibition of "Paintings by Gros, Gericault and Delacroix" at the San Francisco Museum of Art through May 15. Thirty-five oils, a number of drawings and a large collection of prints survey the Romantic Movement in France which, during the nineteenth century, marked the beginning of modern art.

**Bus Line
Chief Topic
At Council**

Daly City's proposed bus line into San Francisco again held the spotlight at council meeting last night. Chief development was the appropriation of traveling expenses to Mayor Paul G. Selmi for a trip to Sacramento. Mayor Selmi plans to take up the bus proposition with Charles Purcell, official of the State Highway commission.

It is reported that on May 15 Purcell will head the San Francisco Street Traffic Advisory board in whose hands the bus line proposal now lies. Purcell's okay will virtually lead to the granting of a permit to operate the local busses in San Francisco, according to Mayor Selmi.

Two Bids

Two bids to supply equipment for the bus system were submitted to the council and laid over till the next meeting.

The weed abatement resolution was continued one week to allow property owners additional time to cut weeds before city crews start the job, in which case labor costs will be tacked to tax statements.

Extension of Time

By motion H. H. Larsen, city hall contractor, was allowed an extension of ten days to finish the job. Completion date is now set at May 29. On recommendation of the light committee, the P. G. and E. was ordered to install a street light at the corner of San Mateo and San Joaquin avenues.

H. G. King, Daly City representative on the San Mateo county day at Treasure Island committee, gave a progress report on plans for the affair and urged enthusiastic local cooperation.

**Jeff Swing Band
Will Play at Fair**

The "Indians of Rhythm," Jefferson Union high school's swing band, crashed the headlines again this week with an official invitation to play on Treasure Island, a scheduled performance at Stanford university, and a return engagement at the Daly City theatre by popular demand.

The only organization of its type yet to appear on Treasure Island, this modern high school dance band, under the direction of Dante P. Lembi, will present a distinctive act for San Mateo county day at the Exposition, June 12.

The popular swingsters will appear before the School of Education at Stanford university May 15, at 4:15 p. m., in the Cubberly building. There the troupe will demonstrate to a group of educators, college professors and a d student teachers what can be accomplished in modern musical education.

By popular demand, the "Indians of Rhythm" return to the Daly City theatre, May 26, with a complete new show. Their last appearance there, March 31, brought down the house, and their second appearance is expected to be even better.

Since the beginning of February the troupe has played before 27 different organizations in all parts of the Peninsula, and has received offers to tour a circuit of professional theaters throughout the state.

Billed as the "Jefferson Union high school quartet," four members of the group recently broadcast on Benny Walker's program over Station KGO, singing "Kentucky Babe." They were Gerald Robertson, Robert Nelson, Laurence Lemos, and Bill Harkins. It is thought that Benny Walker may appear in person at the Jefferson Union high school this spring to conduct a program.

Personnel of the band is as follows: Ruth Morris, piano; Jack Parker, fourth saxophone; Donald Thomason, third saxophone; George Schinazy, second saxophone; Lawrence Lemos, first saxophone; Willard Mitchell, first trumpet; Ralph Schinazy, second trumpet; Albert Bautista, third trumpet; Oscar Busch, first trombone; Stanley Vert, guitar; Joe Castro and H. DeGuerre, drums; Ray DeVincenzi and Jerry Carter, bass.

THREAT to Gas Tax Funds

The motoring public builds and supports all highways and bridges, whether publicly or privately owned. It may be through the payment of tolls or it may be through the payment of gasoline tax. And because of certain questions that are being currently asked, and certain proposals are being made which would affect the future of the Carquinez and Antioch Bridges, this statement of policy is being made to the motoring public. Sixteen years ago Contra Costa County granted, and the state legislature ratified, twenty-five year franchises for the construction of these bridges. Relying on those franchises, over ten million dollars was invested by local citizens and spent in construction. To date there has been returned to these investors slightly over one million dollars, although taxes paid have amounted to more than \$1,800,000.

The State Must Decide

The owners of these bridges prefer to keep them for the remaining eight and one-half years of the franchises and then turn them over to the public absolutely free of either purchase price or tolls. Nevertheless, the company recognizes that the state has the right to acquire, at a fair valuation, any property which it deems necessary in furtherance of public policy. Whether or not this should be done is a straight business proposition which the state alone has the right to decide.

The problem is, whether it is cheaper to let the bridges remain in private ownership for 8½ years or spend millions in their acquisition. There are three methods open to the state to acquire these bridges:

1. It can negotiate with the owners. This the owners have repeatedly offered to do and the offer still remains open.
2. It can require a valuation to be fixed by the Railroad Commission which must be accepted by the owners.
3. It can condemn the bridges at a value fixed by the Superior Court.

These bridges can be purchased or new bridges can be constructed without the use of one penny of gas tax funds under the Toll Bridge Authority Act, which provides for self-liquidating revenue bonds.

Funds Would Be Diverted

Now, however, it is proposed by Assembly Bills 2665 and 2666 not to buy the bridges, not to even construct competing bridges under the Toll Bridge Authority Act, but rather to divert SIX to TEN MILLION DOLLARS OF GAS TAX MONEY from badly needed Northern California projects in order to erect new bridges without any requirement that the tolls shall be adequate to repay these funds. Also, the bills permit the purchase of ferries WITHOUT LIMIT AS TO PRICE to establish competing ferry lines.

And the Highway Commission which, under existing laws, has control of the allocation of gas tax funds, has no power to veto this diversion.

If California wishes to own these toll bridges, let her buy them at a fair valuation, which would be far less than the cost of building new bridges. But let us not advertise to the world that private capital legally invested in this state, and relying on the validity of public franchises, is to be destroyed by the state itself.

Local Dealers Urge Drivers To Be Prepared

Local automobile dealers call attention to the fact that school will soon be out. Children are more careful about playing in the street nowadays, but sometimes even the best forget. A little girl scurries between parked cars or a little boy dashes out after a ball. Then it's up to you and your car.

That's when the safety qualities of your car count. That's when you need "safety in service," the safety assured by skilled attention to lights, brakes, steering, windshield wipers, tires, horn and other factors.

New cars are safer than ever this year, but if you can't see your way clear for the purchase of a new car just now, you're invited to drive in to any one of the six local agencies' service plants for a general check-up on your present car. Don't take chances.

Dodge Headlamps Encourage Safety

An equipment item that continues to receive the attention of Dodge engineers is the headlamps. In the new Dodge Luxury Liner, these lamps are set into the forward fender curves where they are 13 inches farther apart and considerably closer to the road, so that their light is of wider spread and in a position where the beams are less likely to affect the vision of oncoming drivers.

In addition to their main or driving beams, the lamps have an auxiliary or passing beam designed to come into use when meeting other motorists and for driving in foggy or misty weather. The passing beams deflect the light downward and to the right. Even the light of the auxiliary beams is said to be so effective that many drivers do a large part of their night driving with the passing light only. Pantaleoni Brothers, 7046-54 Mission street, is the Daly City Dodge agency.

Chrysler Reduces Price For Imperial

Announcement was made yesterday by A. L. Timossi, Chrysler-Plymouth dealer here, that the Chrysler Corporation had reported record profits for the first quarter of the current year, ending March 31. Profits totalled \$11,638,290, or more than five times the profits of \$2,109,969 for the same period of 1938.

Big Gain

"This big gain in Chrysler business," declared Timossi, manager of the Mission Auto company, "may be attributed to two things: first, the generally improved business conditions throughout the country over those of last year; and second, the outstanding value of the 1939 Chrysler Royal and Imperial, which has caused Chrysler sales this year to increase at a much more rapid rate than sales for the industry as a whole."

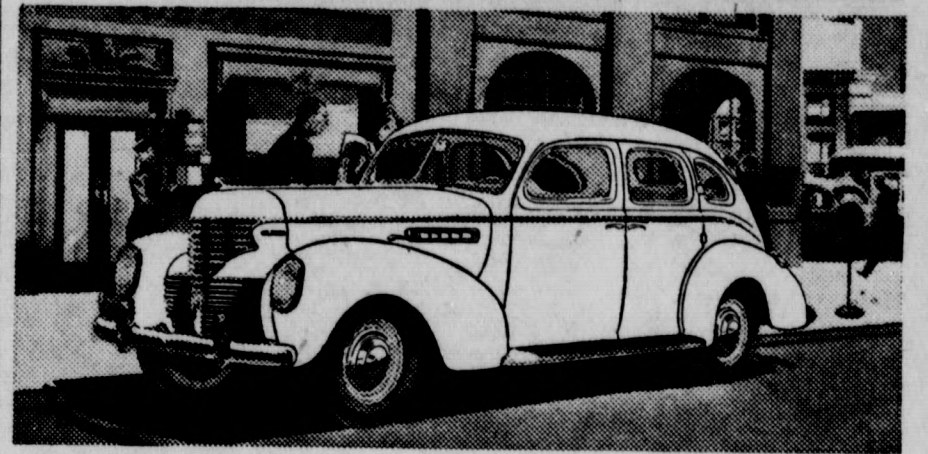

Timossi pointed out that sales on the Chrysler Imperial alone had jumped more than 102 per cent, which has enabled the corporation to announce a new low price on this model because of greater volume production. "This month," Timossi said, "we are announcing a reduction in price on the Chrysler Imperial which has been made possible through increased production volume at the factory. These cars are equipped with Chrysler's new Cruise and Climb Transmission, which reduces motor wear, gasoline and oil consumption one-third at av-

erage driving speeds, both in town and on the highway.

Invite Inspection

"During the month of May, we cordially invite every motorist in Daly City to drive this Chrysler and discover for himself the outstanding performance qualities Chrysler engineers have incorporated in this new motor car," now on display at Mission Auto company, 6465 Mission street.

Last week George Byrne was released from the club and his position filled by George Brooks. The entire team is showing promising ball.

The Daly City Recreation Juniors are sponsored by the Daly City Recreation department of the WPA.

The traffic light is a safety symbol to pedestrians as well as motorists, states the safety department of the National Automobile club. To get its full measure of protection, the public should obey the signals whether driving or on foot. The average wait for a red light is about 15 seconds—but those 15 seconds often spell the difference between safety and suicide.

Accommodating Elephant

This picture was taken, not at a circus, as one might suppose, but in the factory grounds of an electric refrigerator manufacturer. The obliging elephant is balancing its full weight of over four tons on the top of a 1939 Frigidaire to demonstrate the great structural strength of the one-piece steel cabinet. The testers could have accomplished the same result with several tons of bricks, but they found it a lot more fun to use the elephant. The above scene is entirely genuine, and no trick photography of any kind was used.

Mrs. Thorson Becomes Outer Guard

To Mrs. Florence Thorson, Brunswick street, belongs the honor of being the first member of Hillcrest Circle No. 143, U. A. O. D., to be chosen for participation in the Arch Druidess' association of San Francisco.

Mrs. Thorson was installed as Outer Guard of the association last Monday evening in San Francisco.

It's Never Smart To Be Inconsiderate

The 1939 bride may be ever so sophisticated, but if she's really smart, she'll be considerate, says Virginia Courtenay in her new Brides' Book. It is being inconsiderate when a bride lets friends find out belatedly, second-hand, about something they should have had prompt and official information about.

Whether the wedding is large or small, Miss Courtenay suggests Art Point Marriage Announcements; the 1939 models are shown in the new portfolio at this office.

What a 1939 Bride Should Know...

Prospective brides are invited to drop in and accept a gift copy of Miss Courtenay's Brides' Book.

☆ Virginia Courtenay writes interestingly in her new 1939 Brides' Book with much first-hand information for the young lady who said "Yes"...and is soon to add "I do."

☆ She tells about marriage forms and social customs... which are not generally known and whose non-observance may prove embarrassing.

Public May Now View Old Masters

The American public's first and last chance to see the finest works of the Italian Old Masters ever assembled in the United States is at the \$35,000,000 Art Exhibition on Treasure Island, 1939 Golden Gate International Exposition.

The exhibition, which includes the works of Raphael, Michelangelo, Titian, Tintoretto, Donatello, Botticelli, Fra Angelico, Massacio, was lent to the Fine and Decorative Arts building through the courtesy and cooperation of the Italian Government, for exhibition at the Exposition.

The majority of these paintings are exhibited to the world outside of Italy for the first time, never having left that country during the three and four hundred years of their history.

Veteran Firemen Plan Annual Picnic

Members of the Veteran Firemen's association held their regular meeting Friday, May 5, at the Veterans hall, 188 Santa Barbara, with President Comrade P. Valenti presiding. A large number of members were present.

Comrade F. Michelsen was reported on the sick list. He had been visited by several members of the association.

Following a discussion of proposed changes in the by-laws, the board of directors was given full authority to act.

Plans for the picnic were reported by Comrade Chaplain and Past President H. W. A. Rickman. The final decision was postponed until some time later.

Mr. Ireton of the Veterans of Foreign Wars was present at the meeting to invite the Veteran Firemen to participate in the memorial services at Vista Grand park.

The committee which will represent the Veteran Firemen at the dedication of the new city hall includes E. Goldkuhl sr., Lucy, K. Peterson, and F. Schenck.

Comrade J. Albonsky was also present at the meeting. Honorable Mayor Comrade Paul G. Selmi spoke of the proposed bus line to be inaugurated shortly.

Following the business session, a buffet supper was served by Comrade Chef J. Hesslein.

Eleanor Powell Used Prize-Ring Methods To Train for Arduous "Honolulu" Dances

Eleanor Powell and Robert Young in a scene from "Honolulu"

Eleanor Powell works as hard in preparation for her screen dances as a prizefighter training for a championship fight. Her close-ups for "Honolulu," the new musical extravaganza, opening this Thursday, May 11, at the Daly City theatre, were taken before she completed her dance routines. During the period of dance rehearsal and the actual filming of the numbers she lost fifteen pounds.

After a prizefighter trains all day he retires early. Not so with Miss Powell. She has to match her daily tap dancing with ballet

Miss Rose Dance Studio Takes Part

Students of Miss Rose Dance Studio took part in a May Day celebration at McLaren park Sunday afternoon.

Rulers of the affair were Gladys D'Antonio, queen, and Richard Widdmer, king. Their court consisted of Betty Conroy and Ernestine Ferreira, ladies-in-waiting; Joseph Langensand, crownbearer; Dot Langensand, and Mary Montano, trainbearers; Carol Benedetti, Ruth Walker, Phyllis and Gloria Jackson, Helen Hankerson, Joyce Staub and Carmelita Martinez, flower girls. The escort team was led by Willard Quinn, Helen D'Antonio and Richard Hankerson.

Some of the highlights of the program were a "Pony Boy" routine by Ken and Ida; an adagio dance by Anna and June; novelty toe numbers by Dot Langensand; songs by Ruth Sanderson and Margy Matten; and acrobatic stunts by Lorraine Remmer and Mary Montano.

Monday night these students entertained Hillcrest Circle No. 143, U. A. O. D., at an installation of officers at Masonic temple. Miss Rose's East Bay students participated in an immense pageant in the Oakland auditorium Saturday and Sunday.

Mr. and Mrs. R. J. Ennis, Irvington street, entertained 12 guests on Saturday for an evening of contract bridge.

dancing at night. Why? Well, that's her system for keeping her legs shapely. Taps would tend to make her legs "stringy," while ballet rounds them out.

Her rehearsal hall could be mistaken for a fighter's training camp. Rubbing lotions line the walls, the dance floor is roped off so that Miss Powell knows her stage space. It resembles a boxing ring. When she finishes her dance she retires to a corner, sits on a chair and relaxes, while her legs and arms are rubbed. An attendant hands her a bottle of water and another drapes a towel around her shoulders.

Her first picture in Hollywood was delayed because they filmed the dancing numbers in the sequence in which they appeared in the script. But they were not able to match the close-ups after a dance routine, because of Miss Powell's loss in weight.

In "Honolulu," Miss Powell performs a series of intricate new dances and also an imitation of Bill Robinson's famous stair dance. Robert Young plays the male lead in a dual role and the stellar lineup includes George Burns and Gracie Allen.

Second feature on the new bill will be "Yes, My Darling Daughter," which boasts one of the greatest comedy casts ever assembled. The romantic leads are taken by Priscilla Lane and Jeffry Lynn.
